

Yoyos (badge reels)

Our yoyos/badge reels are ideal for active cards - just pull towards the card reader and the cord then retracts into the reel when released.

We have a wide range of yoyos for any purpose, from heavy duty yoyos used within hospitals to lightweight clip for general use. Heavy duty and lockable yoyos are useful for carrying other items such as keys and box cutter.

badge reel

re-inforced strap attachment
black/white/blue
32mm diameter reel
80cm cord
25mm imprint area

heavy duty

re-inforced strap or key ring
black/chrome
43mm diameter reel
91cm cord
30mm imprint area

premier badge reel

carabiner-style re-inforced strap
translucent/solid
36mm diameter reel
80cm cord
19mm imprint area

Customised yoyos

We can create a customised yoyo with your brand logo, style and colour for a more professional look, or for a particular event/convention with your chosen message.

Have your logo printed in up to four colours, and encapsulated within a durable acrylic dome, within the imprint area.

brand with your logo
